Easier standards, better guidance

Further development of easy and transparent communication and information tools on standards, mandates and work programs

Better access to information, consultancy and education on standardisation

Less onerous methods in standards (Art. 17 (3) 3 CPR)

- CEN: Clarification in CPR Model Standard?
- EC: Insertion in standardisation mandates?
- Argument in appeal cases (CEN) or formal objection against a harmonised standard (Art. 18 (1) CPR)?
