Construction Products Regulation (Regulation (EU) 305/2011 on 9 March 2011)

Consequences for products not covered or not fully covered by harmonised standards

ETA – European Technical Assessment A NEW CONCEPT

Yannick Lemoigne
EOTA - President

Different ways to EU market

Free choice of the manufacturer to apply for an ETA

ET-Assessment - a NEW CONCEPT

q ETA is no more a Harmonised Technical Specification
(EAD is now the HTS)

q Contract with a "Responsible TAB": conditions on cost and timing

q Agreement on characteristics related to the intended use of the product
Focus on the performances
+ on assessment and verification of constancy of performance

q All/each ETA issued on the basis of an EAD (or ETAG as EAD)
- EAD developed and adopted by the Organisation of TAB
- ETA issued by a TAB acting on its own

q Use conditioned by change in the product or in the assessment methods + criteria (EAD)

EOTA: NEW STATUTES and Internal rules for TABs
Working hard to get ready for 1st July 2013

Thank you for your attention

and your support in making
ET-Assessment successful
