CPR Conference
CE marking – "Quality construction products for safe works“
25° June 2012 – Brussels

CPR impact on harmonized standards

Giancarlo Bedotti
CEN Consultant for Construction and Civil Engineering

Impact on harmonised Standards

- Revised template for Annex ZA, including a DoP example

- Guidance on how to introduce in Annex ZA for structural products/kits, the results of calculations carried out following the Eurocodes methods

- Guidance regarding the aspects to be taken into account when drafting AVCP clauses in harmonized standards

Thank you
