European Commission

CPR conference

Quality construction products for safe works

CE – marking & national marks

- No space for national marks
- DoP & CE – marking the only alternative with hENs
- “Voluntary national marks”: not a real possibility
- Voluntary market-driven initiatives only outside the hEN sphere

Designations of TABs & notifications of NBs

- Now is the time!
- NANDO-CPR open (since November 2011 ...)
- Representative designations needed for the new organisation of TABs to start operating under the CPR
