Product **Lighting chain**

Risk type **Burns  
Electric shock  
Fire**

**The cable is not properly anchored and is too thin. The accessible wires have inadequate insulation. The dimensions of the mains plug are substantially less than required. The structure of the cord extension socket allows single-pole insertion of plugs. The cable could overheat, leading to burns or fire. The user could touch accessible live parts, which may cause an electric shock.**

**The product does not comply with the requirements of the Low Voltage Directive nor with the European standard EN 60598.**

Category **Lighting chains**

Type **Consumer**

Description **Lighting chain with 240 non-replaceable blue LED lamps, 17 meters long. The product includes a socket outlet that allows the connection of another lighting chain.**

Packaging description **The product is sold in a transparent plastic box.**

Brand **Unknown**

Name **240L LED LIGHT**

Product **Trailer**

Risk type **Injuries**

**Cracks in the axle pads and/or in the chassis tubes around the mounting bolts can occur with very heavy loads on a bad road surface or when hitting a curb with a full load or not in time noticing a traffic island with a full load. If the axle breaks loose, the trailer can drag on the ground and any load can be lost, which can lead to a an accident and cause injury. In the worst case, the shafts could come loose and cause injury.**

**The product does not comply with the requirements laid down in the Regulation on the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles.**

Category **Motor vehicles**

Product **Lighting chain**

Risk type

**Burns  
Electric shock  
Fire**

**The cable is not properly anchored and is too thin. The cable could consequently overheat, leading to burns or fire. In addition, the accessible wires have inadequate insulation and the dimensions of the mains plug are too small. As a result, the user could touch accessible live parts, which may cause an electric shock.**

**The product does not comply with the requirements of the Low Voltage Directive nor with the European standard EN 60598.**

Category

**Lighting chains**

Type

**Consumer**

Description

**Lighting chain with 100 non-replaceable cool white LED lamps. The product includes a socket outlet that allows the connection of another lighting chain. One of the wires of the lighting chain is cut off and the two ends are knotted together.**
