

2024/1197

25.4.2024

COMMISSION IMPLEMENTING DECISION (EU) 2024/1197

of 23 April 2024

amending Implementing Decision (EU) 2022/1954 as regards harmonised standards for electrical systems – alternating and direct current installations, and bilge-pumping systems

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1025/2012 of the European Parliament and of the Council of 25 October 2012 on European standardisation, amending Council Directives 89/686/EEC and 93/15/EEC and Directives 94/9/EC, 94/25/EC, 95/16/EC, 97/23/EC, 98/34/EC, 2004/22/EC, 2007/23/EC, 2009/23/EC and 2009/105/EC of the European Parliament and of the Council and repealing Council Decision 87/95/EEC and Decision No 1673/2006/EC of the European Parliament and of the Council ⁽¹⁾, and in particular Article 10(6) thereof,

Whereas:

- (1) In accordance with Article 14 of Directive 2013/53/EU of the European Parliament and of the Council ⁽²⁾, products which are in conformity with harmonised standards or parts thereof the references of which have been published in the *Official Journal of the European Union*, are presumed to be in conformity with the requirements set out in Article 4(1) of Directive 2013/53/EU and Annex I to that Directive where they are covered by those standards or parts thereof.
- (2) By Commission Implementing Decision C(2015) 8736 ⁽³⁾, the Commission made a request to the European Committee for Standardization (CEN) and the European Committee for Electrotechnical Standardization (Cenelec) for the drafting and revision of harmonised standards in support of Directive 2013/53/EU (the ‘request’). The requested harmonised standards were to address the stricter essential requirements set out in Article 4(1) of Directive 2013/53/EU and in Annex I to that Directive, in comparison with the repealed Directive 94/25/EC of the European Parliament and of the Council ⁽⁴⁾.
- (3) On the basis of the request, CEN revised the following harmonised standards, the references of which are published in the *Official Journal of the European Union* by Commission Implementing Decision (EU) 2022/1954 ⁽⁵⁾: EN ISO 10133:2017 on electrical systems – extra-low-voltage d.c. installations for small craft, EN ISO 13297:2018 on electrical systems - alternating and direct current installations for small craft, and EN ISO 15083:2018 on bilge-pumping systems for small craft. This resulted in the adoption of the following harmonised standards: EN ISO 13297:2021 as amended by EN ISO 13297:2021/A1:2022 and by EN ISO 13297:2021/A11:2023, and EN ISO 15083:2020 as amended by EN ISO 15083:2020/A1:2022 and by EN ISO 15083:2020/A11:2023.

⁽¹⁾ OJ L 316, 14.11.2012, p. 12, ELI: <http://data.europa.eu/eli/reg/2012/1025/oj>.

⁽²⁾ Directive 2013/53/EU of the European Parliament and of the Council of 20 November 2013 on recreational craft and personal watercraft and repealing Directive 94/25/EC (OJ L 354, 28.12.2013, p. 90, ELI: <http://data.europa.eu/eli/dir/2013/53/oj>).

⁽³⁾ Commission Implementing Decision C(2015) 8736 of 15 December 2015 on a standardisation request to the European Committee for Standardisation and the European Committee for Electro-technical Standardisation as regards recreational craft and personal watercraft in support of Directive 2013/53/EU of the European Parliament and of the Council of 20 November 2013 on recreational craft and personal watercraft and repealing Directive 94/25/EC.

⁽⁴⁾ Directive 94/25/EC of the European Parliament and of the Council of 16 June 1994 on the approximation of the laws, regulations and administrative provisions of the Member States relating to recreational craft (OJ L 164, 30.6.1994, p. 15, ELI: <http://data.europa.eu/eli/dir/1994/25/oj>).

⁽⁵⁾ Commission Implementing Decision (EU) 2022/1954 of 12 October 2022 on harmonised standards for recreational craft and personal watercraft drafted in support of Directive 2013/53/EU of the European Parliament and of the Council (OJ L 269, 17.10.2022, p. 20, ELI: http://data.europa.eu/eli/dec_impl/2022/1954/oj).

- (4) The Commission, together with CEN, has assessed whether harmonised standards EN ISO 13297:2021 as amended by EN ISO 13297:2021/A1:2022 and by EN ISO 13297:2021/A11:2023, and EN ISO 15083:2020 as amended by EN ISO 15083:2020/A1:2022 and by EN ISO 15083:2020/A11:2023, comply with the request.
- (5) The standards EN ISO 13297:2021 as amended by EN ISO 13297:2021/A1:2022 and by EN ISO 13297:2021/A11:2023, and EN ISO 15083:2020 as amended by EN ISO 15083:2020/A1:2022 and by EN ISO 15083:2020/A11:2023, satisfy the requirements which they aim to cover, and which are set out in Article 4(1) of Directive 2013/53/EU, as well as in Part A of Annex I to that Directive. It is therefore appropriate to publish the reference of those standards in the *Official Journal of the European Union*.
- (6) Annex I to Implementing Decision (EU) 2022/1954 provides the references of harmonised standards conferring a presumption of conformity with Directive 2013/53/EU. In order to ensure that the references of harmonised standards drafted in support of Directive 2013/53/EU are listed in one act, the references of harmonised standards EN ISO 13297:2021 as amended by EN ISO 13297:2021/A1:2022 and by EN ISO 13297:2021/A11:2023, and EN ISO 15083:2020 as amended by EN ISO 15083:2020/A1:2022 and by EN ISO 15083:2020/A11:2023, should be included in that Annex.
- (7) It is necessary to withdraw the references of harmonised standards EN ISO 10133:2017, EN ISO 13297:2018, and EN ISO 15083:2018 from the *Official Journal of the European Union*, given that harmonised standards EN ISO 10133:2017 and EN ISO 13297:2018 have been superseded by EN ISO 13297:2021 as amended by EN ISO 13297:2021/A1:2022 and by EN ISO 13297:2021/A11:2023, EN ISO 15083:2018 has been replaced by EN ISO 15083:2020 as amended by EN ISO 15083:2020/A1:2022 and by EN ISO 15083:2020/A11:2023. It is therefore appropriate to delete those references from Annex I to Implementing Decision (EU) 2022/1954.
- (8) Implementing Decision (EU) 2022/1954 should therefore be amended accordingly.
- (9) In order to give manufacturers sufficient time to adapt their products to the revised version of harmonised standards EN ISO 10133:2017, EN ISO 13297:2018, and EN ISO 15083:2018, it is necessary to defer the withdrawal of the references of those standards.
- (10) Compliance with a harmonised standard confers a presumption of conformity with the corresponding essential requirements set out in Union harmonisation legislation from the date of publication of the reference of such standard in the *Official Journal of the European Union*. This Decision should therefore enter into force on the date of its publication,

HAS ADOPTED THIS DECISION:

Article 1

Annex I to Implementing Decision (EU) 2022/1954 is amended in accordance with the Annex to this Decision.

Article 2

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Union*.

Point (1) of the Annex shall apply from 25 October 2025.

Done at Brussels, 23 April 2024.

For the Commission
The President
Ursula VON DER LEYEN

ANNEX

Annex I is amended as follows:

- (1) rows 19, 40, and 48 are deleted;
- (2) the following rows are inserted in sequential order:

No	Reference of the standard
'40a.	EN ISO 13297:2021 Small craft - Electrical systems - Alternating and direct current installations (ISO 13297:2020) EN ISO 13297:2021/A1:2022 EN ISO 13297:2021/A11:2023';
'48a.	EN ISO 15083:2020 Small craft - Bilge-pumping systems (ISO 15083:2020) EN ISO 15083:2020/A1:2022 EN ISO 15083:2020/A11:2023'.
