Serious risk	Professional	09/0144/26	United Kingdom in respect of Northern Ireland	United Kingdom	No	Burns, Electric shock, injuries	The product does not comply with the requirements of the Machinery Directive.	Packaging machine	Vertical Form Fill & Seal (VFFS) Machine	Vertical form, fill and seal machine.	Machinery Automation	Machinery		62000000 - Tools / Equipment - power	The machine lacks safeguards at the front to prevent contact with heated sealing jaws and rotating parts, creating risks of entanglement and trapping. It also does not incorporate a suitable emergency stop button. In addition, the machine lacks earthing protection, meaning the frame and body can become live during an electrical fault. The cabinet doors are secured only by plastic latches, allowing access to live electrical and moving mechanical parts during operation. External electrical cables are also not properly supported or secured, making them vulnerable to damage and exposing live conductors. These	Type of economic operator to whom the measure(s) were ordered: Manufacturer Category of measure(s): Withdrawal of the product from the market Date of entry into force: Unknown	https://op.europa.eu/en/publications-detail/-/publication/4603120008241
