| Serious risk | Consumer | 09/02009/26 | France  | People's Republic of China | Unknown | Electric shock | The product does not comply with the requirements of the Low Voltage Directive.                                             | Power adaptor          | AC DC ADAPTOR Switching Adapter | Adaptor.                                                                                                                                         |               | Electrical appliances and equipment          | 1250                                        | 78000000 - Electrical Supplies                                                                                                                                                                                    | Inside the device, some electrical parts (such as components or circuits) are not sufficiently distant from each other. Moreover, the device is missing one of the safety capacitors to prevent electricity leakage between hazardous and accessible parts. Additionally, the cable connecting the device to the electrical socket has a different number of pins between the plug (wall side) and the connector (device side). This may cause a poor connection and increase the risk of overheating or an electric shock. | Type of economic operator taking notified measure(s): Other<br>Category of measure(s): Recall of the product from end users<br>Date of entry into force: 23/06/2026<br><br>Type of economic operator taking notified measure(s): Other<br>Category of measure(s): Removal of this product listing to the online marketplace<br>Date of entry into force: 18/06/2026 |                                                                                                                                                                                                                                                                                                                                                                                                  | <a href="https://ec.europa.eu/info/press-room/press-releases/2026-06-19-power-adaptor-recalled.htm">https://ec.europa.eu/info/press-room/press-releases/2026-06-19-power-adaptor-recalled.htm</a>         |                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                   |                                                |              | Cardboard box. |  |              |                |

| Serious risk      | Consumer | SV/02015/26 | France  | People's Republic of China | No      | Injuries       | The product does not comply with the Personal Protective Equipment Regulation.                                                            | Equestrian helmet               | New Helmet                                                                   | Riding helmet for adults and children. All models, all sizes and colours are affected.                                                             | Faangina     | Protective equipment | 8646618, 8646619, 8646620, 8646101 | 65000000 - Safety / Protection - DIY | The strap in front of the ear may slide backwards, which could affect the stability and optimal hold of the helmet on the head during normal use. In case of an accident this may lead to injuries.                                                                                                                                                                                                                                                                                                                         | Type of economic operator taking notified measure(s): Manufacturer<br>Category of measure(s): Recall of the product from end users<br>Date of entry into force: 05/06/2026<br><br>Type of economic operator taking notified measure(s): Manufacturer<br>Category of measure(s): Withdrawal of the product from the market<br>Date of entry into force: 05/06/2026                                                                                                                                                                | Bulgaria, Croatia, Ireland, Poland, Slovenia, Slovakia                                                                                                                                                                                                                                                                                               | <a href="https://www.dgcrp.be/en">https://www.dgcrp.be/en</a> | <a href="https://ec.europa.eu/info/food-farming-fisheries/key-tasks/food-safety/food-safety-risks/unsafe-food/unsafe-food_en">https://ec.europa.eu/info/food-farming-fisheries/key-tasks/food-safety/food-safety-risks/unsafe-food/unsafe-food_en</a> | 3608390605446<br>3608390605453<br>3608390605460<br>3608390636871<br>3608390636888<br>3608390636885<br>3608390636909<br>3608390636976<br>3608390636983<br>3608390636990<br>3608390641370<br>3608390641367<br>3608390641364<br>3608390642809<br>3608390642908<br>3608390636927<br>3608390636959<br>3608390636970<br>3608390636987<br>3608390636993<br>3608390637127<br>3608390637114 |              |            |  |                                      |                               |                |
| Serious risk      | Consumer | SV/02005/26 | Hungary | People's Republic of China | No      | Electric shock | The product does not comply with the requirements of the Low Voltage Directive nor with the European standards EN 60598-1 and EN 60598-2. | Lighting chain                  | 200 L                                                                        | Main-powered, series-connectable Christmas lighting chain with a transparent cable, 200 LED lights, and a white control box. Technical data: 230V. |              | Lighting chains      | BT08200WW X-60                     | 76000000 - Electrical Supplies       | The structure of the socket allows single-pole insertion of plugs and the protection surface of the plug's face is insufficient. Moreover, the wires can be pulled or twisted out of their terminals and the single-layer insulation is insufficient for a Class II appliance, which could lead to exposed live parts. Finally, the insulation does not ensure adequate separation from live (active) parts during the lifetime of the luminaire. The user could touch accessible live parts and receive an electric shock. | Type of economic operator to whom the measure(s) were ordered: Distributor<br>Category of measure(s): Withdrawal of the product from the market<br>Date of entry into force: 14/05/2026<br><br>Type of economic operator to whom the measure(s) were ordered: Distributor<br>Category of measure(s): Recall of the product from end users<br>Date of entry into force: 14/05/2026                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                      |                                                               | <a href="https://ec.europa.eu/info/food-farming-fisheries/key-tasks/food-safety/food-safety-risks/unsafe-food/unsafe-food_en">https://ec.europa.eu/info/food-farming-fisheries/key-tasks/food-safety/food-safety-risks/unsafe-food/unsafe-food_en</a> | 6034620221214                                                                                                                                                                                                                                                                                                                                                                      |              |            |  | Red and gold-coloured cardboard box. |                               |                |
